

SNOWSPORT ENGLAND COURSE SETTER CRITERIA AND RECOMMENDATION FORM

B List Course Setter

To qualify as a B List setter, an individual must set one course under the oversight of a qualified and already A listed Course Setter and Race Jury. The supervising setter should submit the recommendation form to the Snowsport England office and ARC. Following endorsement, the individual will be added to the B course setters' list and Chair of Coaching Committee will be informed.

A list Course Setter

A List qualification will be done by continuous assessment by setting at least 3 Club National Courses at 2 different slopes, and then applying to set a GBR race course. This course will be assessed by both a level A course setter and the jury at the race. If acceptable the individual will be approved as an A list course setter.

Re-validation of the qualification

Revalidation is attained by attending at least one Course Setters' Forum every 3 years, and setting at least one CN/GBR race or Championship event during this period.

Course Setters Lists

- B List Setter - can set Club National / Excel Races / Regional Races / Schools / Club courses without supervision
- A List Setter - can set any course without supervision
