

# SNOWSPORT ENGLAND

## Return of Club National Forms

<b>VENUE CLUB</b>	<b>DATE NAME</b>
-----------------------	----------------------

### DAY REGISTRATION FEES

Unregistered racers may register for the day to enter one Club National competition each season. Each such entrant is charged a fee to cover insurance and administration costs. Enter the details of each of these racers in the list below (continue on the reverse if you run out of space). Please also indicate if you are including a signed Athlete's Declaration (all competitors must lodge one signed Athlete's Declaration with the Snowsport England Office, they don't need to sign one for every event or every season). All non-registered competitors must complete a day registration race entry form, these should also be sent to the office within seven days of the event for their insurance cover to be valid. All appropriate fees (day registrations, calendar fee, per-racer entries, etc) will be deducted from the entry fees received through the online entry system before the balance of those entry fees is handed over to you.

**SSE Office must be notified of all unregistered competitors on the first working day following the event. You can do this either by faxing this form, or by emailing the information to [info@snowsportengland.org.uk](mailto:info@snowsportengland.org.uk)**
